## INVITATION

Dear Sir or Madam,

The Hanns Seidel Foundation together with the Assembly of European Regions and the Institute of the Regions of Europe has the pleasure of inviting you to a panel discussion on:

**“Euroregions in  
South East Europe: A Successful Instrument  
for Regional Development?”**

On **28 March 2007**, from 13:00 p.m. to 18:30 p.m.,

at the

**EU Liaison Office of the Euroregion Tyrol – South Tyrol - Trentino,**  
Rue de Pascale 45/47, 1040 Brussels

Heading towards the 50<sup>th</sup> anniversary of the concept of „Euroregions“, it is time to take a closer look at the effects and efficiency of this model. At the moment there exist about 70 Euroregions in Europe, which have been supported by the Council of Europe as political-administrative bodies, whilst receiving economic and financial support from the European Union through its regional policy.

Throughout the discussion the panellists will bring in their experience, will report about current challenges and will give an outlook to the future.

We are looking forward to welcoming you to this event.

Markus Russ  
Director Brussels Office, HSS

Klaus Klipp  
Secretary General AER

Dr. Franz Schausberger  
Chairman IRE
