To
the members of Committee 3,
persons concerned with entrepreneurship and cultural tourism,
persons involved in "Culture for Health",
and interested persons

Dear Sir/Madam,

**Re: AER Seminar on Entrepreneurship in Cultural Tourism and meetings of
Committee 3
Durrës, 2nd & 3rd April 2009**

"Setting out for new horizons" has been the motto under which we started last year a series of meetings dedicated to cultural tourism.

By inviting you to Durrës, we will add a new dimension to this: AER has been welcoming Albanian Regions for more than 7 years among its members. Now, for the first time, an AER body will be given the opportunity to enjoy the hospitality of an Albanian Region and its people and to familiarize with the long tradition and history of a town which, for a short period, has been the national capital.

We hereby invite you to the meetings that will be organised in Durrës on 2nd and 3rd April (see programme and agendas attached).

We would in particular like to draw your attention to the cultural tourism seminar, which will seek to build a bridge to a topic that is becoming more and more prominent within the AER (entrepreneurship) and that we intend to further develop during the second half of 2009.

You will find attached hereto the draft programme for this event and a registration form as well as some practical information concerning travel and accomodation. Please return your completed registration form at your earliest convenience to the AER Secretariat (see indications at the bottom of the form).

All documents and further information are available at: www.aer.eu

We look forward to welcoming you in Durrës.

Yours sincerely,

Johanna MIKL-LEITNER
President of Committee 3
Minister for Social Affairs, Labour and
Family of Lower Austria

Seid KERTUSHA
President
Këshilli i Qarkut Durrës

Enc.
