

To the attention of the Mediterranean Regions

Strasbourg, 13th March 2007

Dear Sir, Madam,

First of all, I would like to inform you that the AER has adopted a new structure in order to adapt itself to the last developments of the European and International area. The topics concerning the Mediterranean are now, integrated within the AER Committee 3 "Culture, Education and International Relations".

During our first meeting in 2006, we identified some topics and actions of main interest for the Mediterranean regions. For the follow up of this meeting, also for the development of working strategies and to start effectively our initiative, I take pleasure in inviting you to a meeting in cooperation with the Representation of Sicily at the European Union, which will take place next 4th April (9:30 – 12:30) at the AER Offices in Brussels¹.

Please, find attached a draft programme which contains some working topics as the immigration, water safety, transport, relations with northern Africa and middle East etc. You will also find a registration form which we will be grateful if you can send it to the AER secretariat as soon as possible.

For your information, the Working languages for this meeting will be French and English.

Looking forward to see you in Brussels, I remain at your disposal for any further question.

Yours sincerely,

Martin Mühleck
Policy Coordinator
"Education, Culture and International Relations"
